Mr. Barry S. Watson
President and Chief Executive Officer
The Bode Technology Group
10430 Furnace Road, Suite 107
Lorton, VA 22079

Dear Mr. Watson:

On behalf of the Fairfax County Board of Supervisors, I want to thank you for your decision to expand The Bode Technology Group in Fairfax County. We know that businesses have many options when they are growing, and we are proud that you have chosen to expand in one of the world's best business locations. Your decision to expand here will further strengthen the county economy, and your company will become an even more important part of an already dynamic business community.

Time magazine called Fairfax County "one of the great economic success stories of our time." As you well know, the county has many business assets, including our high-quality workforce, a diversified business base, our proximity to Washington, D.C., access to global markets through Washington Dulles International Airport, a cosmopolitan quality of life that includes one of the top-ranked public school systems in the nation, a county government that consistently is ranked as one of the best-managed in the nation, and an Economic Development Authority that works with existing companies to prosper and develop connections.

Please do not hesitate to let me or the Economic Development Authority know if we can be of assistance. I can be reached at chairman@fairfaxcounty.gov or 703-324-2321. The Economic Development Authority can be reached at info@fceda.org or 703-790-0600.

Thank you for choosing Fairfax County for your new operations.

Sincerely,

Sharon Bulova
Chairman
Fairfax County Board of Supervisors
