Third Party Products

This Software includes software products licensed by the following third party provider(s): **not applicable**.

Title

Title, ownership rights and intellectual property rights in and to the Software and Documentation shall at all times remain with Bode. All rights not specifically granted by this License, including Federal and international copyrights, are reserved by Bode or its respective owners.

Copyright and Trademarks

The Software, including its structure, organization, code, user interface, associated Documentation, trademarks and logos, is a proprietary product of Bode, and is protected by international laws of copyright. The law provides for civil and criminal penalties for anyone in violation of the laws of copyright.

License

Use of the Software

1. Subject to the terms and conditions of this Agreement, Bode grants the purchaser of this product a non-exclusive license only to install and use the Software on a single computer (or in a single network, if your Software is designated as a network version). You may transfer the Software to another single computer (or another server on the same network, if a network version), but the Software may never be installed on more than ten computers (or more than one network, if a network version) at any one time.
2. If the Software uses registration codes, access to the number of licensed copies of Software is controlled by a registration code. For example, if you have a registration code that enables you to use three copies of Software simultaneously, you cannot install the Software on more than three separate computers. To activate Software on multiple computers additional registration codes may be required.
3. You may make one copy of the Software in machine-readable form solely for backup or archival purposes. You must reproduce on any such copy all copyright notices and any other proprietary legends found on the original. You may not make any other copies of the Software.

Restrictions

1. You may not copy, transfer, rent, modify, use or merge the Software, or the associated documentation, in whole or in part, except as expressly permitted in this Agreement.
2. You may not reverse assemble, decompile, or otherwise reverse engineer the Software.
3. You may not remove any proprietary, copyright, trade secret or warning legend from the Software or any Documentation.
4. You agree to comply fully with all export laws and restrictions and regulations of the United States or applicable foreign agencies or authorities. You agree that you will not export or reexport, directly or indirectly, the Software into any country prohibited by the United States Export Administration Act and the regulations thereunder or other applicable United States law.

END USER SOFTWARE LICENSE AGREEMENT

- You may not modify, sell, rent, transfer (except temporarily in the event of a computer malfunction), resell for profit, or distribute this license or the Software, or create derivative works based on the Software, or any part thereof or any interest therein.

Trial

If this license is granted on a trial basis, you are hereby notified that license management software may be included to automatically cause the Software to cease functioning at the end of the trial period.

Termination

You may terminate this Agreement by discontinuing use of the Software, removing all copies from your computers and storage media, and returning the Software and Documentation, and all copies thereof, to Bode. Bode may terminate this Agreement if you fail to comply with all of its terms, in which case you agree to discontinue using the Software, remove all copies from your computers and storage media, and return the Software and Documentation, and all copies thereof, to Bode.

U.S. Government End Users

The Software is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire the Software with only those rights set forth herein.

European Community End Users

If this Software is used within a country of the European Community, nothing in this Agreement shall be construed as restricting any rights available under the European Community Software Directive, O.J. Eur. Comm. (No. L. 122) 42 (1991).

No Medical Use Only

Licensee acknowledges that the Software has not been cleared, approved, registered or otherwise qualified (collectively, "Approval") by Bode with any regulatory agency for use in diagnostic or therapeutic procedures, or for any other use requiring compliance with any federal or state law regulating diagnostic or therapeutic products, blood products, medical devices or any similar product (hereafter collectively referred to as "federal or state drug laws"). The Software may not be used for any purpose that would require any such Approval unless proper Approval is obtained. You agree that if you elect to use the Software for a purpose that would subject you or the Software to the jurisdiction of any federal or state drug laws, you will be solely responsible for obtaining any required Approvals and otherwise ensuring that your use of the Software complies with such laws.

Limited warranty and Limitation of remedies

Limited Warranty. Bode warrants that for a period of ninety days from the beginning of the applicable warranty period (as described below), or for the designated warranty period if a different warranty period is designed as the warranty period for the Software in the current version of an instrument operating manual or catalog or in a specific written warranty including with and covering the Software, the Software will function substantially in accordance with the functions and features described in the Documentation delivered with the Software when properly installed, and that for a period of ninety days from the beginning of the applicable warranty period (as described below) the tapes, CDs, diskettes or other media bearing the Software will be free of defects in materials and workmanship under normal use.

The above warranties do not apply to defects resulting from misuse, neglect, or accident, including without limitation: operation outside of the environmental or use specifications, or not in conformance with the instructions for any instrument system, software, or accessories; improper or inadequate maintenance by the user; installation of software or interfacing, or use in combination with software or products not supplied or authorized by Bode; and modification or repair of the products not authorized by Bode.

Warranty Period Commencement Date. The applicable warranty period for software begins on the earlier of the date of installation or three (3) months from the date of shipment for software installed by Bode personnel. For software installed by the purchaser or anyone other than Bode, the warranty period begins on the date the software is delivered to you. The applicable warranty period for media begins on the date the media is delivered to the purchaser.
